

## **TÜRKİYE'S FIRST AND ONLY PLASTIC RECYCLING FAIR**

As the first and only plastics industry fair organized specifically for plastics in Türkiye, RePlast Eurasia is preparing to gather leading brands and professional buyers for the second time on May 8-10, 2025. The 2nd Plastics Recycling Technology and Raw Materials Fair organized by Tüyap in collaboration with PAGÇEV will continue lighting the way for the future.

Addressing all aspects of the plastics recycling process, the fair will offer hundreds of products and services to buyers, under the main topics of plastic recycling machines and technologies, companies that perform collection and separation, certification, test measurement devices and services, design and consultancy firms, and raw materials.

## **PREPARING TO BREAK NEW RECORDS IN ITS SECOND YEAR**

After attracting considerable attention from the industry in its first year of organization, RePlast Eurasia Fair brought together 8,253 industry professionals from 85 countries in 2024. The fair, where key players of the industry on the international platform will meet for the second time in 2025, aims at bringing together over 200 exhibitors with more than 10,000 professional visitors. RePlast Eurasia Fair will continue to offer its exhibitors and visitors the chance to closely witness the recycling journey of plastic.

## **ECO-FRIENDLY TECHNOLOGIES AND INNOVATIONS AVAILABLE AT REPLAST EURASIA**

The most effective way to protect the environment for a sustainable future depends on recycling. In line with this goal, RePlast Eurasia Fair unites the latest innovations in the recycling industry and eco-friendly technologies. The Fair is not only a significant trading platform, but also serves a great knowledge-sharing platform. The efforts for the conference, where topics identified in line with the industry's needs, are ongoing at full speed. In 2024, the conference focused on An Overview of Plastics Recycling Industry: Regulation, Technology and Price Trends, Environmental Factors and Best Practices in Plastics Recycling, Use of Recycled Plastics in the Automotive Industry and Supply Opportunities, and the agenda for 2025 is also determined according to the industry's needs and latest trends.

## **REPLAST EURASIA FAIR TO HOST PAGÇEV RECYCLING AWARDS**

Rewarding the most innovative and eco-friendly projects in the industry, **PAGÇEV Recycling Awards** will be once again presented at RePlast Eurasia Fair this year. 1. Unilever Sanayi ve Ticaret Türk A.Ş. - Burkasan Plastik Atık Yönetimi ve Çevre Danş. Hizm. İnş. San. ve Tic. Ltd. Şti.
2. Nestle Waters (Erikli) Türkiye
3. Koroza Ambalaj San. ve Tic. A.Ş.

- **Automotive, Electric and Electronic Products**

1. Burpol Polimer Plastik San. Tic. A.Ş.
2. Eurotec Mühendislik Plastikleri San. ve Tic. A.Ş.

- **Houseware, Kitchenware and Entertainment**

1. Pegasus Hava Taşımacılığı A.Ş. - Sem Plastik San. ve Tic. A.Ş. - Certiloop Yeşil Dönüşüm Sertifikasyon Hizmetleri A.Ş.
2. MTM Plastik Geri Dönüşüm San ve Tic. Ltd. Şti.

- **Infrastructure and Construction Materials**

1. Metroplast Ambalaj Teks. San. ve Tic. A.Ş.
2. Gurbetçiler Plastik San. ve Tic. A.Ş.

- **Innovation and Technology: Product Technology**

1. Plastic Biolive Biyolojik ve Kimyasal Teknolojiler Sanayi ve Tic. Anonim Şirketi
2. Plastic Move
3. Selçuk University

- **Innovative Recycling Machines**

1. Altech Makine Sanayi ve Ticaret Anonim Şirketi
2. Balyemez Ar-Ge Makine Kimya ve Çevre Teknolojileri San. Tic. A.Ş.

- **Plastic Recycling Ambassador**

1. Ali Kantur

#### APPLICATIONS FOR PAGÇEV RECYCLING AWARDS STARTED

PAGÇEV Plastic Recycling Awards will be platform where not only producers of raw materials and technologies in the field of plastic recycling, but also products made of raw materials will be rewarded. The awards will also provide an insight into current developments in the use of recycled materials, product design and manufacturing, but also inspire large masses. Leading companies of the industry

will compete in seven award categories including the key areas of plastic recycling innovation and the main market practices for the circular use of plastics.

**DO NOT MISS THE CHANCE TO HAVE FREE ONLINE TICKETS!**

The way of getting deeply informed about recycling is through RePlast Eurasia, which is preparing to host industry professionals from all around the world again!
